Community and Student Engagement Criteria for Ratings

The District Improvement Committee in a meeting on April 25, 2017 established the criteria for Community and Student Engagement.

The committee voted to use the CASE Solved tool purchased from TREA.

Each of the 8 categories will be rated using a sliding 10 point scale. Each category will have bullet points to be rated. The following is the criteria established.

Exemplary – 7 – 10

Recognized – 5.01 – 6.99

Acceptable – 2 – 5

Unacceptable – 0 -1.99

Surveys will be sent to stakeholders in the district to complete using the sliding scale. Results will be compiled by Superintendent and presented to Westphalia Board of Directors as well as reported on WISD website and through PEIMS.
